FIGHTING IN BRAZIL.

It Has Been More Destructive Than Reported.

LOSS OF LIFE VERY HEAVY.

Seven Hundred and Twenty-Eight of the Government's Soldiers Killed in One Battle, While the Insurgents Lose Two Hundred and Seventy-Two—The Very Latest News From Brazil.

BUENOS AYRES, Feb. 21.—The following has been received from Rio Janeiro: The recent fighting at Niteroy is reported to have been more serious in its results than was at first supposed. Before the insurgents were driven off they succeeded in burning the government arsenal and in capturing 18 guns.

It is declared that the government loss in men amounted to 728, while the insurgents' loss was 272.

A naval engagement between the insurgent fleet and the now government squadron is expected in the early part of March.

An attempt has been made by secret partisans of Admiral Mello to blow up the offices of the government journal Tempo in this city, with dynamite. The attempt was not successful.

As Sent to the London Times.

LONDON, Feb. 21.—The Times publishes the following dispatch from Rio Janeiro, dated Feb. 16, via Montevideo, Feb. 20.

The returns of the fight at Armacao last week, show that the total losses of the government were 550 killed and wounded, and 60 prisoners taken by the insurgents. On the insurgents' side 146 were killed, missing or wounded. Admiral Da Gama is in no danger. The remainder of the insurgents wounded are at the Echavaz hospital and are progressing favorably.

The insurgents are in good spirits and ready to enter into another fight at any moment. Admiral Da Gama states that he has sufficient provisions and ammunition for several weeks, and that he will make every endeavor to maintain his present position until the arrival of southern troops. He obtains many supplies and some men from the districts in the vicinity of Maje and Teresopolis, near the head of the bay.

The gunner of the Niteroy's dynamite gun has deserted and the remainder of the fleet is still at Bahia. The engines of the Destroyer have broken down and they find much difficulty in obtaining crews.

Persons who arrived from Bahia yesterday state that it is not likely that the fleet will leave for some weeks. It is the general opinion that not one of the vessels is formidable, except the Anarora.

The Aquidaban leaves here on Sunday to intercept the Niteroy.

Advices from Desterro state that the strong position at Lapa, the last foothold of the government in the state of Parana, was taken on Friday, after severe fighting, during which many were killed and wounded on both sides. The general commanding the government troops was wounded and 600 prisoners were taken.

Admiral Mello is now at Desterro with the Republica and will probably come north shortly.

The government cruisers Tiradentes and Bahia are still at Montevideo; the latter ran aground while attempting to enter a dock on Wednesday.

The government received a telegram yesterday from the officer commanding the troops in the district of Santos, stating that General Sarauva, with an army, is near the St. Arre frontier of Sao Paulo, and adding that the government force will not suffice to resist him unless it is strongly reinforced. The government is raising more national guards in the state of Sao Paulo and will endeavor to resist the invasion. The government has also sent orders to the garrisons at Porto Alegre, Pelotas and Rio Grande, comprising 2,000 men, to march north.

Yellow fever is increasing greatly; there have been three cases on an Austrian warship and there are 15 cases in the British hospital.

New York World's Dispatches.

NEW YORK, Feb. 21.—The World's special dispatch from Rio Janeiro says: Admiral Da Gama has issued a circular saying that the Republica and the Marcello Diaz engaged the government warships Tiradentes, Bahia and Itapoff Santa Catharina and that the Bahia and the Diaz were sunk and the Itapoff captured. The Tiradentes alone escaped.

The Republica, he says, was only slightly disabled. Nobody here believes the story.

Friends of Mello attempted to blow up the office of O Tempo, the government newspaper, with dynamite on the night of the 14th.

TROUBLE IN HONDURAS.

President Vasquez About to Carry the War Into Nicaragua.

NEW YORK, Feb. 21.—A special to The World from Tegucigalpa, Honduras, says:

Communication from all parts of the republic has been re-established. President Vasquez is about to take the aggressive and carry the war into Nicaragua. He has sent commissioners to Guatemala and Salvador to protest against Nicaraguan's action.

Deserters from General Ortiz's command say that the Nicaraguans are preparing to abandon the siege if it does not promise better success within the next few days.

Smallpox has broken out among the besiegers.

Father—Well, young man, I understand, then, that you love my daughter? Nervous Youth—N-n-n-o, sir; I wish to marry her.—Exchange.

GREAT SCHEME PROPOSED.

A Railroad to Connect Buenos Ayres With New York.

HARRISBURG, Feb. 21.—William F. Shunk of this city, who had main charge of the survey of the proposed intercontinental railway to connect the three Americas, has practically completed the report of his operations, which will soon be submitted to the commission which employed him, with financial aid from each of the associated republics in proportion to their population.

Mr. Shunk says that leaving out the incidental and alternative work, the length of the road necessary to connect New York with Buenos Ayres appears to be 4,300 miles, which length could possibly be reduced to 4,000 miles before the beginning of construction. The cost of grading, masonry and bridges would approximate \$30,000 per mile. The cost per mile complete and ready for service, inclusive of a single track, sidings, buildings, machinery, rolling stock and sundries, may be set down at \$50,000, or \$200,000,000 for the whole work.

The estimate is in American gold, and is what the work would cost in this country if skillfully located, honestly built and wisely administered. The region to be traversed parts naturally into two grand divisions, each 2,000 miles long, both of them tropical as to latitude, but the southern for the most part temperate in climate, because of its elevation above the sea.

The northern division lies along the Pacific slope from Tehuantepec to the bay of San Miguel, across the isthmus, thence to the river Atrato, and ascends the Sincio, an affluent of that river, to the vicinity of Antiquia. The southern division ascends the valley of Canca river for 300 miles, and thence forward occupies an upland ranging from 7,000 to 12,000 feet above the sea. The country to be traversed by the proposed road is, as a whole, thinly populated. Some reaches of it would pay from the outset; others, in the wilderness or competitive with water transportation, must await development.

RELIEF FOR GOVERNOR M'KINLEY.

His Individual Property Not Needed to Satisfy His Creditors.

CLEVELAND, Feb. 21.—The property which Governor and Mrs. McKinley conveyed to trustees last summer, when the governor was forced to make an assignment by the failure of a Youngstown manufacturer for whom he had indorsed notes, has been transferred back to them. This result is due to the efforts of the trustees, H. H. Kohlstedt of the Chicago Inter Ocean, Colonel Myron T. Herrick of Cleveland, and Judge William R. Day of Canton.

When they received the trust they decided, without consulting the governor, to raise the money with which to meet the governor's obligations. This has been fully done by private subscriptions. The final papers have been filed in the probate court at Canton, the property deeded back to Governor and Mrs. McKinley and the trustees discharged.

Judge McMill Dying.

ST. LOUIS, Feb. 21.—A special to The Republic from Creston, Ia., says: Judge J. W. McMill of the interstate commerce commission, who has been sick with malarial fever, and thought to be recovering, has suffered a relapse and is now in a critical condition at his home in this city. Judge McMill came here from Washington to spend the holidays with his family, and was taken with la grippe.

Governor Hogg Not Yet Arrested.

AUSTIN, Tex., Feb. 21.—The warrant sworn out in Nacogdoches county against Governor Hogg for violating the game laws has not reached the hands of Sheriff White and the governor continues to breathe the air of freedom. The governor says if he violated the law he will put in a plea of guilty and pay the fine.

Miners Idle.

SALINEVILLE, O., Feb. 21.—The miners of this district have decided to resist the proposed 20 per cent reduction in wages, and to hold out for the old scale. Only a small number of the men here belong to the union and hence do not feel bound to abide by the Columbus agreement. The mines are all idle today.

Head Split Open.

VAN WERT, O., Feb. 21.—Robert Sassewaters of Willshire met a shocking death yesterday forenoon. He was employed in a sawmill, and while at work slipped and fell into a large balance wheel. His head was partly split open, allowing his brains to ooze out. Death resulted in 30 minutes.

Waylaid and Shot.

BARBOURSVILLE, Ky., Feb. 21.—Two men, John Skaggs and William Baggs, were waylaid and shot to death in Harlan county on the Poor fork of Cumberland river, about 12 miles beyond Harlan C. H., late Saturday evening. A man named Reutree did the shooting, and is yet at large.

Struck an Oil Gusher.

FOSTORIA, O., Feb. 21.—Another thousand-barrel oil well was struck at noon yesterday, which is also a strong gasser, being good, it is said, for 5,000,000 feet a day. The well belongs to Colt & Harris of Findlay, and is about 1,400 feet from the big Maloney well.

Does Not Solve the Mystery.

DENVER, Feb. 21.—The inquest on the death of Lawyer Henry L. Carr, who was mysteriously shot in his own house two weeks ago Sunday night, ended last night, the jury finding that Carr was killed by some person unknown.

Found Dead in a Sleeper.

KANSAS CITY, Feb. 21.—Dr. A. T. Cummings, an old soldier, who was on his way to San Francisco from Sioux City, Ia., was found dead in a sleeper on the Kansas City, St. Joseph and Council Bluffs road.

LOSSES FROM FIRE.

Six Hundred Thousand Dollar Blaze in Chicago.

TRIANGULAR BLOCK BURNED.

The Immense Tin Can and Japanned Ware Factory Destroyed—Six Hundred Lunatics Saved From a Burning Building. Congregational Church Burned—Other Fire Losses.

CHICAGO, Feb. 21.—The immense tin can and japanned ware factory of Norton Brothers, occupying half of the triangular block facing on Dock and Water streets, and abutting on the river, was destroyed by fire.

The buildings on the other side of Water street and Wabash avenue were menaced by a high wind, but persistent work by the firemen prevented the spread of the flames outside of the four walls of the Norton establishment.

It took 23 engines and two fireboats to conquer the blaze. The direct monetary damage is \$600,000, but as 600 men and women are thrown out of work by the fire the loss is much greater than told by these figures.

The flames were discovered in the box department by Watchman Rose and he did not attempt to cope with them. By the time he had turned in an alarm they had spread to the second floor, and were feeding on the paints and oils stored there.

AN ASYLUM ABLAZE.

Hundreds of Lunatics Removed Without Loss of Life.

ROCHESTER, Feb. 21.—While Night Watchman Wendell Smith was making his rounds at the Rochester state hospital he discovered flames issuing from the laundry of the institution, located in the central portion of the big building in which the unfortunates of the state are confined.

The flames spread rapidly owing to lack of water, and the building was destroyed. From the moment when the first cry of fire was given the inmates of the building were in a state of excitement. Their shouts and cries for aid were pitiful.

The officials of the institution decided that the safety of the inmates demanded their removal, which was accomplished without loss of life. The burned building was a 4-story brick structure 100 by 70 feet in dimensions, and was built 15 years ago. Dr. Howard, warden of the institution, said that the loss would amount to \$120,000.

CHURCH DESTROYED.

Nothing but the Walls Standing of a Once Magnificent Structure.

ROCKFORD, Ill., Feb. 21.—The Second Congregational church, the handsomest edifice in point of architecture and equipment in Illinois, erected and dedicated two years ago, at a cost of over \$100,000, was completely gutted by fire yesterday afternoon, only the walls and tower, 114 feet high, being left standing. The fire originated in the furnace room. The loss will exceed \$75,000, with \$40,000 insurance.

A handsome new \$8,500 pipe organ was burned with the rest of the elaborate furnishings, nothing being saved. The entire cost of the construction of the church was raised before its dedication in May, 1892, the congregation including the wealthiest people in the city. It will probably be rebuilt.

Parole Law Violated.

COLUMBUS, O., Feb. 21.—It has just leaked out at the state prison that the prison managers violated the law in paroling Louis Vandenberg, the Dayton diamond robber, for he was given his liberty before he had served the minimum term prescribed by law. John T. Norris induced them to do it, and he took him into his office at Springfield as a clerk. Norris wanted to use him in his case against ex-Chief of Police Freeman, but Vandenberg violated his parole and skipped to no one knows where, in less than a month. Norris had kept the fact concealed thus far.

"Jag Cure Law" Knocked Out.

LANSING, Mich., Feb. 21.—The supreme court has knocked out what is known as the Michigan "jag cure law" of 1893. The law authorized justices, in their discretion, to sentence disorderlies, to take the cure for the liquor habit. The court says the law in effect permits unofficial persons to prescribe rules acquitting persons charged with crime and they may be variable, as corporations are numerous, and it is not in the province of legislation to delegate to private corporations power to make laws for the discharge of offenders.

Austrian Miners Arrested.

ANGELS CAMP, Cal., Feb. 21.—Four Austrian miners have been arrested, suspected with having placed giant power under the Magud boardinghouse. Suspicion rests mainly upon Antonio Bocovich, Magud's brother-in-law. The escape of the Magud family from instant death is due to the fact that they were out of the direct line of concussion. Magud is improving and the child, which was found in a barrel of wine in the cellar, will not suffer serious injury.

Anarchist Circulars.

PITTSBURGH, Feb. 21.—For several nights past, circulars setting forth the principles of anarchism have been distributed all over the city of McKeesport, near here. The circulars have been put under doors, in yards and scattered broadcast. They are headed: "The Communist Anarchists to the Proletariat," and declare war upon private property, the church and state, the war having for its object their utter annihilation.

ELECTION IN PENNSYLVANIA.

Galsusha A. Grow Elected to Congress by a Big Majority.

PHILADELPHIA, Feb. 21.—Galsusha A. Grow was elected to a seat in congress to succeed the late General Lilly, at a special election yesterday. The returns from the state are incomplete, but Republican gains were made in almost every county.

The indications at present are that his majority will reach 140,000. Calculators at Republican headquarters express a belief that the figures will rise to 150,000. This is believed impossible by Democrats, only because the returns from the state indicate a comparatively light vote.

In this city the local fights for city councilmen stirred intense interest, and the vote was largely increased over that of November last. Every ward showed Republican gains, and the indicated majority for Grow is 60,000 to 65,000, a gain of 8,000 to 10,000 over November's big figures.

SENATE AND HOUSE.

Nothing Done in Either Branch of the National Legislature.

WASHINGTON, Feb. 21.—The session of the senate yesterday was devoid of special interest. Senator Daniel of Virginia concluded his speech on the Hawaiian question, and while supporting warmly the course that has been followed by the administration, he declared that now there was nothing to do but recognize the new government and wish it good speed.

After Senator Daniel's speech the bill for additional printing office facilities was taken up and discussed in a desultory manner the remainder of the day.

House Deadlocked.

WASHINGTON, Feb. 21.—The deadlock on the Bland seigniorage bill was not broken in the house yesterday. Rollcall followed rollcall until 4 o'clock, when it being apparent that Mr. Bland could not muster a quorum on his proposition he moved an adjournment.

IN PRISON FOR LIFE.

Evans, the Noted Bandit, Will Bother the Public No More.

FRESNO, Cal., Feb. 21.—After a night spent within his old quarters at the jail, where he was safely landed at 1:30, Chris Evans was brought into court at 10 o'clock yesterday. After consultation with his attorneys he was sentenced to imprisonment for life at Folsom by Judge Harrison.

Evans was taken on the noon train to prison by Sheriff Scott and Kay and deputies. Evans seemed cheerful, and greeted all who spoke to him pleasantly. A motion for a new trial made by his attorney was denied. Evans denies the story that he abused Mrs. Brighton. He wanted to be sentenced to San Quentin, but the judge denied the request.

Snowstorm in Colorado.

LEADVILLE, Colo., Feb. 21.—It has been snowing on the mountains almost continually for three days, but it is quite warm, the thermometer registering 30 above zero. The South Park road is unable to get trains through on account of the snowdrifts in the vicinity of Kokomo. Up around the big tunnel at Bask, on the Colorado Midland road, the snow is six or eight feet deep, but this is not unusual at this season. There have been no disastrous snowslides. Until a week ago the snowfall on the mountains hereabouts had been the slightest in several years.

Nearly the Entire Family Gone.

LAPORTE, Ind., Feb. 21.—Two more deaths were reported in the stricken Krueger family at Michigan City. The father and mother died last week and were buried in the same grave. Yesterday two children found relief in death. The four remaining children are bedfast. Death was caused by eating pork infected with trichinae. A new case has developed in the family of Fred Sasse, that of a young girl, 20 years of age, who is in a critical condition.

Negotiations Off.

EAST LIVERPOOL, O., Feb. 21.—The manufacturing potters of this city and the advisory board of the striking workmen have been trying for five days to arrange a conference. They have failed to agree, and negotiations are now off. The manufacturers wished to meet their employees, but virtually refused to recognize the union. The advisory board refused to allow any proposition to be made unless to the board themselves.

A Hot Race.

DENVER, Feb. 21.—The race between the Midland Terminal and Florence and Cripple Creek railroads to be first into Cripple Creek is becoming decidedly hot. The contractors on both lines are working all the men they can find room for, and there is no doubt both roads will be running their trains to the gold camp by May 1.

Alleged Train Wreckers Arrested.

HOUSTON, Feb. 21.—Chief of Police Erickson yesterday arrested John Yoakum and C. H. Craft and charged them as being the men who wrecked the Missouri, Kansas and Texas train a couple of weeks ago, and shooting the brakeman, who went back to flag a following freight train. They are white men.

Loss Heavy on Both Sides.

SAN SALVADOR, Feb. 21.—Manuel Bonilla's forces have been routed near Juzorran by General Vilella. They were pursued to Corpus, where they were reinforced and a battle took place, when Vilella in turn was obliged to retreat. The loss was heavy on both sides.

Prominent Political Dead.

COLUMBUS, Ind., Feb. 21.—Augustus Kiel, ex-county treasurer and candidate for re-election, died suddenly at 7 p. m. last night of pneumonia.

JUSTICE E. D. WHITE.

He Will Be Sworn In the Fifth of Next Month.

THERE IS PLENTY OF WORK TO DO

Important Cases Will Be Tiled at the First Session—New York Without a Representative on the Supreme Court Bench—Everyone Pleased With the Appointment.

WASHINGTON, Feb. 21.—Justice White, the new member of the United States supreme court, will be sworn in on March 5 next, that being the first day of the spring term. He will at once be called upon to take part in the consideration of more important litigation than has greeted a new justice in many years.

For many weeks the court has been anxiously awaiting a full bench and in the meantime important cases have been fixed for hearing at such time as the new justice should take his place on the bench. These cases were finally set for March 5, in the hope that a nomination and confirmation might be made by that time.

The records of the supreme court show that the accession of Justice White to the bench leaves New York state without a representative in the court for the first time since 1806, the only exception since the court was established. The exact succession from New York is as follows: John Jay, chief justice, 1789-1795; Brockholst Livingston, 1816-1823; Smith Thompson, 1823-1843; Samuel Nelson, 1845-1872; Ward Hunt, 1872-1882; Samuel Blatchford, 1882-1893.

The justices and officials of the supreme court are especially gratified at the choice of Justice White. He has been much among them, and there were hopes expressed as far back as the rejection of Horblower that the Louisiana senator would be chosen. This was due mainly to the fact that the court has lacked an authority on the civil law embraced in the Justinian code and later the Napoleonic code. All of the states of the Union, except Louisiana, found their laws on English common laws, but Louisiana founded her system on the Napoleonic code, which came from the Roman civil law.

When the late Justice Bradley was on the bench he made a study of the civil laws and spent much time in Louisiana for this purpose. He became the authority in the court on such questions, but since his death all of the justices have been "common law lawyers." Justice White now comes equipped with an experience at the bar and on the bench of Louisiana under their civil code.

Will Be Missed From the Senate.

WASHINGTON, Feb. 21.—Senator White's retirement from the senate will make necessary the rearrangement of the Democratic membership of several committees and will give the Democratic steering committee, or in case of its inability to arrange the matter satisfactorily, the Democratic caucus, further work to do in this direction.

The committee has found some difficulty in the reorganization of the committees as made necessary by the retirement of Senator Walthall, and the election of Mr. McLaurin and notwithstanding the fact that McLaurin has now been in his seat for more than a week, he has not yet been assigned to any committee. This is due to the fact that there is more than one aspirant for the chairmanship of the committee on military affairs, made vacant by Senator Walthall's retirement.

GASOLINE CAN KICKED OVER.

Several Persons Severely Burned by an Accident in a Blacksmith Shop.

CHICAGO, Feb. 21.—An unruly horse kicked over a large can of gasoline at Patrick Ryan's blacksmith shop yesterday afternoon, and as a result one man is at the hospital suffering with burns which will probably cause his death, and seven other men were badly burned about the hands and face. Ryan's blacksmith shop is a large place of its kind, and yesterday afternoon, just before the horse kicked over the can of gasoline, the shop was well filled with customers.

A large buy horse was being shod, when it suddenly became frightened and unruly and began to kick. One of his hind feet struck a big can of oil and part of its contents were thrown upon a fire nearby. An explosion followed, and immediately there was chaos in Ryan's shop. All the men broke for the front door, and about 20 horses in the place began to rear and kick in all directions. The shop took fire, but the flames were soon extinguished. Every man in the place was burned. Frank Boar was burned fatally. None of the others will die.

Bank Bills Not Signed.

FORT WAYNE, Feb. 21.—About \$6,000 in crisp new bills of the Youngstown National bank, Youngstown, O., was paid out to employees of the Pittsburgh Railroad company from the paycar in this city Saturday afternoon. When any of these bills were presented at the downtown stores Saturday night in payment for groceries, meats and clothing, they were handed back as worthless, because the cashier of the bank issuing them had neglected to sign them. Later the Youngstown bank telegraphed the Fort Wayne banks to accept the bills at face value, and return them to Youngstown.

Iowa Blizzard.

DES MOINES, Feb. 21.—The following was received from Cedar Rapids Tuesday morning: A blinding blizzard has prevailed here since early this morning. There is a high wind and the storm is rowing in violence with no prospect of a let-up. The weather is severely cold.

Snow; northeast winds.

WHAT has the editor of the Ledger been doing that he should be so anxious for the grand jury to adjourn?—BULLETIN.

Why, dear brother, we've been holding down one of Uncle Sam's pie foundries—not a very soft job either, but one that a great many aspire to—Public Ledger.

Lost your position and don't like to see any one else drawing a salary; is that it? But is that any excuse why you should ridicule and belittle twelve of Mason County's good citizens for trying to indict a lot of law-breakers?

For the Farmer.

Commissioner of Agriculture McDowell has bought of W. P. Givens, of Boyle County, 500 bushels of corn to distribute throughout the State as seed corn. This is the crop of corn upon which Mr. Givens took a premium at the World's Fair.

Auctioneer H. C. Hawkins reports the following as the result of Oliver Palmer's sale near Ewing February 17th: corn, 42 cents a bushel; potatoes, 75 cents a bushel; hay, \$6 per ton; yearling steers, \$11.75 a head; yearling heifers, \$9 a head; one eight-year-old extra good draught horse, \$100; household and kitchen furniture sold well.

At the sale of the personal estate of John Sherwood, deceased, in same neighborhood, on the 14th, Mr. Hawkins reports a large crowd and bidding lively. Twelve well-bred ewes brought \$3 a head, corn 40 cents, bacon and lard 8 cents per pound, a sow and five shoats \$40, good milch cow \$27, a farm horse \$75, four yearling steers \$17.25 a head, two sows and pigs, \$24.50 and \$25.25.

Midwinter Surf Bathing.

Sea bathing in late January! It is 11 o'clock in the morning, and here are bathers just out of the surf. The temperature of the water was 70 degrees—just right for a salt water plunge and much warmer than the ocean will average at the New England coast resorts in summer. The air was only slightly warmer than the sea. The mercury at noon registered 76 degrees. There was a good sea running, and the surf combed over toward the sands most gracefully and invitingly. It would break over the head and shoulders of a grown person standing up to the waist in the water. The color of the sea here appears to be paler than that of the ocean farther north, and at high noon today, with a cloudless sky overhead and the rays of the sun glinting on the crests of the waves, few have ever seen a more strikingly beautiful combination of sea, land and sky.—Ormond (Fla.) Cor. Atlanta Constitution.

BUILDING ASSOCIATIONS.

The Attorney General Says They Must Pay Taxes—Their Salvation.

The building associations over the State have become unnecessarily alarmed over the substitute for Senate bill No. 74, which has passed the Senate by unanimous vote and is now in the House, says a special from Frankfort. This substitute was drawn by Senator Elliston, who is a warm friend of the associations and who urged its passage for the purpose of delivering them of the embarrassment and uncertainty hanging over them in the matter of taxation.

The BULLETIN referred to the matter a few days ago. "The substitute," says Senator Elliston, "provides that the shares of the building associations are to be assessed as other personal property, and listed by owners as they would list their deposits in a savings bank, as these shares are purely of the nature of a deposit in bank, being subject to withdrawal or the control of the owner in the same manner as deposits in bank. It provides that the borrowers shall not list their shares if the amount borrowed equal or exceed the amount paid in, for the obvious reason that the amount thus paid in from week to week becomes a credit upon the indebtedness of the association. The associations are required to list for taxation only such surplus funds and undivided profits as they may have on hand the 15th of September of every year.

"The necessity of this law arises from the following official decision of the Attorney General:

FRANKFORT, Dec. 4, 1893.

Hon. J. H. Westover, Williamstown, Ky.—Dear Sir: In response to your favor of the 21st ult. I desire to say that in my opinion, Building and Loan Associations in this State must list their property with the Assessor as natural persons. If this is done, of course the amounts held by individuals in the Association would not be listed in their name for the reason that this would be double taxation. Very truly yours,

WM. J. HENDRICK, Attorney General.

"If the Attorney General is correct," continues Senator Elliston, "in his interpretation of the law, then every association would have to list with the Assessor the aggregate amount paid in by all the stockholders on the 15th of September of every year, thus depriving hundreds of poor families in this State of the benefit of \$250 exemption, which the law excepts to them, and would compel the borrowing members also to pay upon credits to the association. Such an interpretation of the law, if sustained by the courts, would drive every building association in the State into liquidation or bankruptcy. The substitute, however, instead of being a hardship upon these very commendable institutions, with the decision of the Attorney General hanging over them, is their only salvation."

AN UNCONDITIONAL SURRENDER.

BY W. A. COLLINS.

[Many thanks to our gifted contributor for this charming bit of verse.]

Do I own you, or you own me?
I'd give a trifle just to know;
If I am lord, as man should be,
I bid thee forthwith go!
Thou art a willful, winsome sprite,
I do confess, I do admit,
And many a day and many a night
Have cheered me with thy frolic wit.
But there is reason in all things,
I must exact some little hour,
Free from the flutter of thy wings,
The magic of thy power.
In weakness let me whisper low,
If thou shalt heed this angry word,
And on thy restless pinion go,
I'll sorely miss thee, naughty bird!
The body that I bear along
Will be, at best, a vacant cage,
Bereft of stir, and thrill of song,
In all its pilgrimage.
Nay, stay awhile, do thy fond will,
So speaks this beating heart;
We'll journey on together still,
Till death we twain do part.

MAYSVILLE.

We have plenty of mud and wet weather. Last Monday was a lovely day. Sunshine and quite pleasant.

We are still listening for the early toot of Cook's beef horn.

A great many are through stripping tobacco and ready and anxious to sell.

Thomas Best and Mr. McAtee, of Helena, were around Monday looking for some fancy crops of tobacco. Low grades low and not wanted.

J. A. Jackson received a large stock of clothing a short time since. Call and see them and learn the prices. Cheap for cash. Those owing him will please call and get the amount of their accounts.

O. A. Carr preached for us last Sunday very acceptably, morning and evening. He is now living in Sherman, Texas, and has charge of the college there. He was raised here and a school boy on our streets.

Steve Breckinridge, another one of our old colored friends, passed away Monday evening, after a lingering illness. He has been a very useful man in his time. He belonged in slave time to A. C. Shackelford.

GERMANTOWN.

John Harris has finished his work at Paris and returned home.

The weather looks as though winter has past and spring had come, but there is no telling what fickle March may do.

Joel Woodward is moving from near Hebron to engage in business with Amos Henson, at his old stand five miles south of town.

Mrs. Sue Neal, who has many friends and relatives in Kentucky, was married on the 5th of this month at Los Angeles, Cal., to a Mr. Dawson, of Little Rock, Ark.

Miss Bertha Harris left on Tuesday morning for Maysville, where she will spend a week, and then proceed to Millersburg to accept a place in her sister's notion and millinery establishment.

George Sheeler is moving into the Dimmitt residence opposite the town hall. A Mr. Hendrickson, of Augusta, agent for pianos, organs, sewing machines, etc., will occupy the property vacated by him.

The James Lane Allen Literary Society of this place will celebrate the 22nd by giving a grand musical and literary entertainment at Brooks-ville court house on the evening of that day. We hope to hear a good report from them.

From what we hear the prospect is good for a crowded house on next Saturday night, and we advise every one to secure their tickets and come early. We all know what good old Kentucky ham is, but there has never been one like this Ham from Georgia.

BERNARD.

Preaching at Stone Lick next Sunday.

Dick Lloyd is very ill with pneumonia.

Mr. Malone is suffering from pneumonia.

Mrs. Geo. Wells returned home last Friday.

Miss Allie White is visiting friends at Washington.

A. C. Hawk spent Sunday with relatives near Orangeburg.

Mrs. Mattie Hawk, who has been very ill, is improving rapidly.

Addison White attended a masquerade at Washington last Friday evening.

Misses Retta Loyd and Minnie Wells are visiting relatives of East Maysville.

Mrs. Sadie Trow, of Cincinnati, spent several days in our neighborhood last week.

Miss Lelah Martin of East Maysville was the guest of Miss Mayne White last week.

Miss Emma Schuelle of Maysville, was the guest of Mrs. Dimmitt several days last week.

We are glad to state that Miss Agnes Brannon, who was reported on the sick list, is convalescent.

Miss Emma Soward has returned to H. R. Allen's Surgical Institute, Indianapolis, Ind., to receive treatment.

PLUMVILLE.

Mrs. M. A. Dixon is critically ill.

Wm. Pollitt removed to the Sexton farm recently.

L. H. Jenkins was smiling on his host of friends here Sunday.

S. W. Rogers is in Cincinnati at the hospital receiving medical treatment.

Xerxes Berry and daughter, Miss Amanda, were guests of N. B. Rogers Sunday.

The protracted meeting recently held here resulted in six additions to the church.

Elder D. C. Yazell and wife celebrated the fifty-ninth anniversary of their marriage February 9.

Andrew Burtle, an aged citizen of this locality, is seriously ill, having been confined to his room all winter.

Rose, the little daughter of Mr. and Mrs. N. B. Rogers, is very ill with pneumonia. Dr. Ford is her attending physician, it being his forty-first

case since December 1st. Dr. Ford has been very successful in treating pneumonia.

Mr. and Mrs. C. M. Redman have about recovered from their recent severe illness of grip and pneumonia.

The pastor, Elder Lawwill, failed to fill his appointment Sunday. Elder D. C. Yazell very ably filled the pulpit.

Lewis Robinson, one of our prominent colored citizens, is confined to his room with a severe attack of rheumatism.

Misses Deborah and Drusilla Wilson, accompanied by their nephew, Harley Wilson, are visiting relatives in Virginia.

Harry Elliott and sister, Miss Emma, after a pleasant visit to relatives and friends in this vicinity, left for their home at Pana, Illinois, Monday.

Albert Wright and his bride, of Paris, and Mrs. Lottie Coryell, of near Orangeburg, were the guests of the family of their cousin, Dr. Outten, Sunday.

There will be preaching the third Sunday in each month by the pastor of the church here, and also prayer meeting and social service the first Sunday in each month at 10 a. m.

Henry Day went to Maysville Monday to have his arm operated on by some of the skillful surgeons of that place. He fears that amputation will be necessary. He fractured the bone of his arm several years ago while grubbing.

Mrs. Harriet Weaver, widow of Thos. Weaver, deceased, died very suddenly at her home near the Lewis County line January 27th. Three daughters, all blind, survive to mourn the loss of a loving mother. Deceased was in her sixty-fourth year of her age, and a consistent member of the Christian Church. Interment at Bethany Cemetery January 29th. Her funeral will be preached the first Sunday in March by Elder Wm. Hull.

A PICTURESQUE MASQUERADE.

The Washington Cooking Club Delightfully Entertained Last Friday Night.

In Washington society circles the event of the past week was the entertainment of the Washington Cooking Club by Mr. Ed. Gault and charming sisters, Misses Nannie and Ethel, at their beautiful home near the old county seat of Mason.

The idea of impersonating well known characters and illustrating poetic fancies by means of masks and fancy dress is an old one, and in earlier days this pleasing mimicry played an important part in the religious festivals and secular merry makings.

On this brilliant occasion there were about sixty present, all neatly and so successfully masked and disguised as to defy recognition even by their "nearest and dearest." After enjoying themselves for some time they were invited to the dining room, where they unmasked and many were the "I thought you were so and so." But the smile of surprise soon gave way to one of satisfaction, showing that all were ready to do justice to the toothsome lunch that awaited them.

The following is a list of those present who were masked: Misses Bertie Hudson, Flemingsburg; Francis Gault, Stella Downing, Lyde Byar, Margaret Allison, Ida Allison, Cornelia Downing, Maud Downing, Allie and Mayme White, Nannie Hudson, Maud Kirk, Elizabeth Key, Elizabeth Bland, Lulu Best, Jessie Allison, Elizabeth Downing, Edna Hunter, Bessie Allison, Anna Rhodes, Lena Alexander, Mamie Key, Francis Bramel, and Messrs. Ed. Parker, W. Wells, J. Cartmell, John Downing, Edwin and Thomas Byar, Chatham; Addison White, Holton Key, Walter Reynolds, Lee Boyd, Thornt. King, Charley Reynolds, Clayborne Fox, Clarence DeBell, Flemingsburg; Welburn Reese, Charles and Robert Downing, T. V. Chandler, James Alexander, James Owens, James Adair, Paris; John Clarke, Lexington; Elmer Downing, Garrett Thompson, George Allen, Bland Kirk, Charles Rhodes, Ed. Parker, Harry Lee, Earnest Shelton, Claud Clary, Leslie Gault. Those not masked were Misses Jennie Byar, Gabriella Durrett, Mattie Forinan, Nannie and Ethel Gault, Mary and Lulu Warner, Virgie Allison, Mr. and Mrs. C. J. Hunter, Mr. and Mrs. Thomas Allison, Mr. and Mrs. Ross Gault, Messrs. Ed. Gault, John Cochran, Arthur Fox, Robert Allison, Harry Wells and George Goggin.

Escaped With His Life.

Last Sunday afternoon Editor Hundley, of the Higginsport Enterprise, was assaulted by Marshall Charles Halfhill because of an article which appeared in the issue of the Enterprise stating that Halfhill had acted very ungentlemanly to a young lady on the street last week. It stated Halfhill had met the young lady last Friday night and made indecent proposals to her and tried to force her to take a walk with him.

Hundley saw the proceeding and published an account of it, omitting names. Sunday afternoon Halfhill accosted Hundley concerning the article and while Hundley was standing with his hands in his pockets he was assailed without warning. Hundley was terribly beaten, and, not satisfied with that, Halfhill drew a revolver and would have killed him on the spot, but for interference of friends, says a special. The officer was arrested on a charge of assault and battery with intent to kill.

"Paul Kauvar."

"Paul Kauvar," which may properly be numbered among the most effective plays of the day, is announced for Washington Opera House next Saturday evening. Its author, Steele Mackaye, has written nothing which wears better than this vivid and dramatic picture of the French Revolution; for the heart is engaged by the relation of a reasonable story, interwoven with much that is painful and appalling, even while the eye is held arrested by striking tableaux and strong theatrical situations characteristic of the times. It will be staged in a becoming manner. The cast promised is a strong one.

A Million Friends.

A friend in need is a friend indeed, and not less than one million people have found just such a friend in Dr. King's New Discovery for consumption, coughs and colds. If you have never used this great cough medicine, one trial will convince you that it has great curative powers in all diseases of the throat, chest and lungs. Each bottle is guaranteed to do all that is claimed or money will be refunded. Trial bottles free at J. J. Wood's drug store. Large bottles 50c. and \$1.

River News.

The new City of Louisville will be ready for her trial trip early in March. The Stanley went into Cincinnati this week with 172 hogheads of tobacco, 260 sacks of corn, 120 pork barrels, 350 beer kegs, 50 barrels of coal tar, 60 bundles of hoops, 32,000 hoop poles, 4,000 staves, 175 cases of eggs, 60 coops of poultry, 181 head of stock, big miscellaneous freight and 115 passengers.

TWENTY-SIX car-loads of bananas passed east over the C. and O. a few days ago, in one train.

THE next annual convention of the Kentucky Y. M. C. A. will be held at Richmond.

THE Ohio Legislature has passed a bill providing for the erection of a new jail at West Union.

MISS IDA ROFF has organized classes in aesthetic gymnastics at the rooms of the W. C. T. U. in Newport.

POLICEMAN McKELUP and family have moved into Professor Frost's residence on Second street, Fifth ward.

EDGAR, little son of Mr. and Mrs. Thos. Kirkland, living near Johnson, came near choking to death on a marble a few days ago.

ALL deacons and members of the Bethel Baptist Church are expected to meet at the regular business meeting Thursday, March 1st.

MRS. SUE NEAL, widow of the late W. E. Neal formerly of this city, was married February 5th at Los Angeles, Cal., to a Mr. Dawson, of Little Rock, Ark.

W. C. HOFFMAN and Miss Marcia Bent eloped from Mt. Sterling Monday and were married at Newport. It was their seventh attempt to elude the vigilance of the old folks.

THE "diamond" or seventy fifth anniversary of the order of Oddfellows will occur April 26th. It will no doubt be celebrated in an appropriate manner by the lodges of this city.

MISS JENNIE MILLS, of Flemingsburg, and Mr. Ben Sanders, of Paris, will be married March 21. Miss Mills is a daughter of Mr. John F. Mills and has a number of relatives in this city.

THE Richmond Register was mistaken when it stated the late Dr. Phister organized the chapter of the Phi Delta Theta Fraternity at that place. Judge Thomas R. Phister founded the Richmond chapter.

THE price of the beautiful tea set in Ballenger's window was \$25. It has been reduced \$1 every day since and the price to-day is \$17. The quality is the very finest and you will miss a good thing if you let the other person get it.

THE gross earnings of the Chesapeake and Ohio for the first week of February were \$135,274, against \$191,947 for the same week of last year. The decrease of \$56,673 in the earnings for the first week was largely due to the strike of the coal miners.

MIKE BOWERMAN, the famous horseman and developer of Moquette (2:10) and Sili-con (2:15), and Colonel Tom Morgan, the owner of the Sultan stallion Insulter, had a rather fierce quarrel in front of the Phoenix Hotel at Lexington, but no blood was shed. Friends intervened and prevented a conflict.

MENTION was made last week of the disappearance of Henry Hodge from the home of his father, Thomas Hodge, of Berlin, Bracken County. In a letter since received, the latter states that he believes his son is in the neighborhood of Maysville. He will be thankful for any information of his lost boy.

DIED, Tuesday morning, at Flemingsburg, of consumption, Mrs. Kate Foxworthy Glascock, aged thirty-three years. Deceased was the daughter of Mr. and Mrs. Alex Foxworthy, of Mt. Carmel, and was married to J. B. Glascock in May, 1881. Her husband, two children and many friends mourn her death.

HON. JOHN D. CARROLL, of New Castle, Chairman of the State Democratic Central Committee, will on April 3 wed Miss Helen Sanford, of Henry County. Mr. Carroll's name has been prominently mentioned in connection with the coming gubernatorial race, but he stated a few days ago that he would not make the fight.

THE manufacturers of the "Garland" stoves and ranges have kindly favored the editor with a novelty in the shape of a lead pencil made of aluminum. It is as light as hardwood and as strong as steel. Experiment has proven that aluminum mixed with iron benefits the iron in every way. "Garland" stoves and ranges are made of this mixture. They are sold by McClanahan & Shea.

STORMY TIMES.

A Former Colored Preacher of This City Figuring in Church Troubles at Cincinnati.

Commercial Gazette: "The members who seceded from old Union Chapel M. E. Church and formed the People's Church, under the leadership of Rev. J. F. Moreland (who has since been made the pastor), are still in an unsettled condition. At present they are an independent body, not being identified with any denomination. However, some time ago it was resolved to become Episcopalians, and since then part of the time has been spent in being instructed in the catechism of the church. This proved to be a hard task for many of the dyed-in-the-wool Methodist brethren and sisters, and some could not conform to that kind of worship, and felt like worshipping God as the spirit itself prompts. The Episcopal movement had progressed so far as to change the name to St. John's Church, and the pastor bearing the name rector. Recently the Lady Managers of the Colored Orphan Asylum desired to give a sacred concert in the church, but was refused because it was strictly against the rules.

"The many obstacles that from time to time have been placed in the way of the old mode of worship have caused no little trouble. At the regular business meeting recently a warm time was experienced; notwithstanding the fact that there were but few questions to be discussed, the meeting did not adjourn until half-past 2 the next morning, and at times the discussion waxed so hot that the participants almost came to blows. Finally it was resolved to cease from being known as Episcopalians and join the Methodist Episcopal Zion denomination."

IT was formally announced last evening that the great revival at Mitchell Chapel would close Thursday night. Crowded audiences have attended from the beginning. There have been sixty additions and over one hundred conversions. At Thursday night services there will be baptism, reception of members and short talks from the workers. Services to-day at 6:30 p. m.

MR. FRANK TAMME and family, who for several years have had the management of Mrs. H. C. Morgan's farm near Washington, will remove to their fine and highly improved farm four miles from Paris, about the first of March. Their friends in Mason are many, and regret is heard on all sides that their departure is so near at hand. That success may attend them in their new home is the sincere wish of a host of friends.

A GREAT DISCOVERY.

PRACTICAL PHOTOGRAPHY WITHOUT LIGHT OR LENS.

A Picture Taken by Electrical Action Only. Hertz's Experiments Rivalled by a Professor in the Leland Stanford, Jr., University.

Clerk Maxwell's electro magnetic theory of light received striking confirmation seven or eight years ago when Heinrich Hertz performed a number of experiments in which electrical waves were made to imitate the conduct of light waves in several particulars. This gifted investigator, now connected with the University of Bonn, concentrated the rays to a focus with a parabolic mirror. Refraction as well as reflection was accomplished. Electricity, proceeding in straight lines, was diverted from its course by a prism of pitch. The phenomena of interference and polarization were also reproduced.

It is now announced that a photograph has been taken by using electricity instead of light, and if this story is true then additional evidence will have been afforded as to the kinship of these two forces or forms of force. Hertz, it will be observed, only showed that the electrical radiation conformed to mechanical laws which are known to control life, but photography introduces the element of chemical action, so that this later achievement, if it proves to be all that it seems, is one of the most remarkable revelations of our day.

Professor Fernando Sanford, who claims to have attained this wonderful result and who gives some account of it to the San Francisco Examiner, occupies the chair of physics in Leland Stanford, Jr., university and is one of the youngest members of the faculty of that institution. As the story appears over his own signature, and he intimates that he has repeated the experiment several times, there is little room for doubt as to the genuineness of the occurrence described. Professor Sanford obtained his picture in the dark without even a lens in the following manner:

It is well known that when two rods connected with the sides of the battery or placed in the secondary circuit of an induction coil are brought close enough together a spark will fly from one to the other. If to each rod, a short distance from the knobs in which they terminate, a copper wire be attached and the two wires be led off to suitable metal plates placed facing each other, but not quite touching, an electrical oscillation will occur between the plates whenever there is a discharge between the knobs. Now, Professor Sanford substituted a coin, the object to be photographed, for one of the plates of such a pair, and laid it face downward upon a thin sheet of mica, which in turn rested on the sensitive gelatin film of a glass photographic plate.

Tinfoil was arranged on the other side of the glass and took the place of the other metal plate of the pair. This combination was now placed between two boards and left in the dark for an hour, during which time a series of sparks were flying from one knob to the other of the discharger across an interval of one-sixteenth of an inch. Upon developing his sensitive plate Professor Sanford had an image of his coin—that is, of the portions in relief on that side which was in contact with the mica. The Examiner prints a copy of the picture, a positive, which shows the Liberty head, date, inscription "E Pluribus Unum," circle of stars and raised edge in white on a dark background.

Professor Sanford does not enter into a discussion of the theories involved, but he mentions that the tinfoil was not only of the same size as the coin (a silver dollar), but placed directly opposite. Apparently electro magnetic waves flowed from the coin to the tinfoil, but preferring the shortest route radiated mainly or exclusively from the raised part of the dollar. They seem to have proceeded in straight lines too; otherwise the chemical action on the film would not have been confined so accurately to regions directly opposite the pattern.

Right here it should be noted that Hertz discovered in his experiments that the induced magnetic radiation excited in the manner described, and now called "Hertzian waves" in honor of that now famous physicist, had this remarkable trait not possessed by a primary electrical current: Good "conductors," like copper or other metals, being interposed would stop them, but they would go right through wood and other so-called "insulators." Hence in Professor Sanford's experiment the mica and glass were evidently no barriers to the passage of the particular kind of electricity produced.

Although it does not at first appear clearly what practical applications of this discovery can be made, it is not improbable that uses will be found for it. The indirect consequences are sure to be valuable as well as interesting.—New York Tribune.

LOCKHART, Tex., Feb. 21.—The prisoners in the county jail overpowered the guard last night, took the keys from him, and all escaped except one, a Mexican condemned to hang for wife murder, who was in a combination cell. Ten men in all escaped and, although a sheriff's posse with dogs are scouring the country, none have been recaptured.

BIRMINGHAM, Ala., Feb. 21.—Information has just reached here of the lynching of Lewis Hendricks, the third negro supposed to have been implicated in the murder of Mrs. Jesse Rucker near Stanton last Thursday. Hendricks was run down in a swamp this evening 10 miles from Jamison and, it is said, shot to death by the enraged citizens.

BUT LITTLE ADVANCE.

The Rescuers in the Gaylord Mine Are Making but Little Progress.

WILKESBARRE, Pa., Feb. 21.—The rescuers at work in the Gaylord mine made but little headway yesterday. They have advanced but 17 feet. Mine Inspector Williams says he expects the work to drag now because the rescuers have reached that part of the mine where the fall is heaviest.

The plane on which the rescuers are working is 12 feet wide on both sides between the timbers and tapers to a width of six feet at the top. The space from the crossbeams to the roof has to be filled in with earth and rock. This makes the total height about 17 feet. To remove one foot of this takes about two and a half hours.

ATTEMPTED MURDER.

A Well Known Lawyer Assaulted in a Mysterious Way.

BANGOR, Me., Feb. 21.—A most mysterious case of attempted murder has come to light at Frankfort, 15 miles from here. Parker Treat, a well known lawyer of that town, lives with his sister, Mrs. Laura Treat, and her daughter Bertha, a deaf and dumb girl. Saturday night he was reading in the sitting room when someone stealthily dealt him several blows, felling him to the floor.

His sister, who was in another part of the house, heard the blows and rushed to the room. Treat lay on the floor unconscious and bleeding from nine serious wounds on his head. The blows appear to have been dealt with a hatchet. No one could be found in the vicinity.

Suspicion rests on the daughter Bertha, although no reason for such an attack can be ascribed.

FLOOR GAVE WAY.

Thirteen Men Seriously Injured and Several Others Slightly Bruised.

PHILADELPHIA, Feb. 21.—While the members of the Eleventh Ward club of this city were celebrating the victory of their councilmanic candidates last night, a frame annex to the clubhouse at 525 North Second street collapsed. Several barrels of beer had been brought into the annex and this additional weight is supposed to have caused the accident.

The clubhouse was crowded at the time and a large number of men were precipitated to the ground, a distance of about 15 feet. Thirteen men were seriously injured and several more received slight bruises. The victorious candidates had left the rooms only a few minutes before the accident occurred.

River Steamer Sunk.

CAIRO, Ill., Feb. 21.—The steamer State of Missouri, from Cincinnati for New Orleans, sunk in eight feet of water just below New Madrid at 3 o'clock yesterday afternoon. The boat sprung a leak and she was run on a bar, where she sunk. No lives were lost. The greater part of her cargo will be saved. Assistance was sent from here.

News to Him.

DANVILLE, Ky., Feb. 21.—Hon. J. Proctor Knott, who was here yesterday occupying his chair in Center college, stated that the report of his probable candidacy for congress in Ashland district, now represented by Colonel Breckinridge, was news to him. He declined to make any further reference to the matter.

Train Robber Escapes From Prison.

CHESTER, Ill., Feb. 21.—Joe Harding, the Centralia train robber, has escaped from the prison here. Harding was serving a 20-year sentence for an attempt at train robbery at Centralia, Ill., on the 20th of last September. He was wounded in the raid on the train and was shortly afterward arrested in Cincinnati.

Admiral Wells' Widow Dead.

WASHINGTON, Feb. 21.—Mrs. Mary S. Wells, widow of the late Admiral C. Wells, U. S. N., is dead. She was born in Harrisburg about 60 years ago, her father, Henry Wells, being a well known Pennsylvanian. She was married at York, Pa., in 1851. The remains will be taken to Philadelphia for interment.

College Students Cause a Death.

ROCHESTER, Feb. 21.—At the Cornell university last night the sophomores in attempting to play a trick on the freshmen generated chlorine gas. Several students were overcome by the fumes and carried out unconscious. A negro woman employed as cook has died from the effects of the gas.

Stabbed in the Head.

MACON, Feb. 21.—United States Marshal Frank L. Everett of this city, while on a visit to Eatonton, Sunday, became involved in a difficulty with W. L. Turner, a prominent citizen of that place, and was seriously stabbed in the back of the head. His wound, while not considered dangerous, is serious.

Smallpox in Lima.

LIMA, O., Feb. 21.—A case of smallpox was reported last night in the family of Harvey Neff, 801 North Elizabeth street. The health officer has quarantined the house and ordered that all tramps be kept out of the city.

Poor Boys Become Suddenly Rich.

CEDAR RAPIDS, Ia., Feb. 21.—Ole and Knud Skattabo, a couple of poor boys living near Spirit Lake, have just fallen heirs to an estate worth about \$2,000,000 by the death of an uncle in Idaho.

Due to a Defective Fuse.

PORTSMOUTH, O., Feb. 21.—A defective fuse caused the destruction of the Spry building on East Seventh street. Prompt work of the department prevented other heavy losses. Insured.

Leg Crushed Off.

LANCASTER, O., Feb. 21.—Charles W. Crenger, a young farmer of this county, was caught under a falling tree which he had cut down, and his left leg was crushed off below the knee.

PADUCAH, Ky., Feb. 21.—A romantic marriage occurred at Fulton. Adolph Elkins and Miss Alice Mahoney were the contracting parties. It was agreed by them that they should try married life a year, and if disagreeable to either, he or she was at liberty to withdraw from married life, notwithstanding what the other party had to say.

The Knights' New Leader.

John R. Sovereign, the new grand master workman of the Knights of Labor, has been a member of the order since 1881, and has been state master workman of Iowa for several terms, and many times a delegate to the general assembly. Mr. Sovereign was a stonecutter up to about 10 years ago, when he undertook the publication of a weekly paper at Cherokee, afterward engaging in similar ventures at Jefferson, Atlantic and Dubuque. He was a pronounced Greenbacker and twice ran for congress on that party's ticket, of which he was also the nominee for lieutenant governor of Iowa in 1887. He supported Governor Boies in 1889 and was appointed commissioner of labor statistics, in which office he served two terms. He was born in Cassville, Wis., on May 30, 1854. He advocates land nationalization, government ownership of railroads and telegraphs, free trade and the issuance of all money by the government as remedies for existing abuses.

Fire in an Opera House Building. LINCOLN, Neb., Feb. 21.—Fire last night in the Funk Opera House building caused between \$40,000 and \$50,000 damage. The loss on the building was small, but Lackerman & Company, wholesale and retail milliners, are heavy losers, while Block & Cohen, dry goods, and W. R. Dennis, men's furnishings, also suffered. All were partially insured.

Miners Go to Work.

BRIDGEPORT, O., Feb. 21.—About 1,000 miners went to work in the eastern Ohio district yesterday, the district including the county of Belmont alone. The Wheeling creek mines and all those along the Cleveland, Loraine and Wheeling railroad went to work under the terms agreed upon at the joint conference held in Columbus a few days ago.

Charged With Murder.

CAIRO, Nev., Feb. 21.—Jack Dnnlap and Ernest Miner have been arrested on a charge of robbing the paycar on the Virginia and Truckee road last week. The car was blown open with dynamite and dynamite bombs were found in Miner's room when he was arrested. Both men say they can prove an alibi.

Relief For the Shawnee Indians.

WASHINGTON, Feb. 21.—Senator Shoup has introduced a bill for the relief of the Shawnee Indians by appropriating \$10,000 for taking and restoring the testimony and evidence in the tribes in the claims for spoliation, lost in transmitting by mail to the interior department.

Holding the Unemployed.

MIDDLETOWN, O., Feb. 21.—The water-works board have alleviated the distress of the unemployed here yesterday by giving 300 men work laying water mains to the suburban parts of the city. The board has \$10,000 on hand to expend in this improvement.

Will Not Be a Candidate.

DANVILLE, Ky., Feb. 21.—Hon. Robert Harding of this county authorizes the announcement that he will not be a candidate for congress in opposition to Mr. McCreary, notwithstanding the strong pressure that has been brought to bear upon him.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative, effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
